APRIL/MAY/JUNE 2007

LAUDERHILL LIONS SUPERBOWL CHAMPIONS

The Lauderhill Lions Pee Wee A 65lb Team, led by Head Coach Jerry Kelly, captured the South Florida Youth Football League Super Bowl Championship by defeating the Boynton Beach Bulldogs by a score of 7 to 0 on Saturday, December 2, 2006 at Everglades High School. The win over the Bulldogs was made even sweeter as it avenged a loss to the Bulldogs the team experienced the first game of the season. The Lions finished their championship season with a record of 14 wins and 1 loss.

Head Coach Jerry Kelly stated that the championship game was very much like how the regular season played out. "Our kids played such dominating defense that we were able to shut down the Bulldogs offense. Our defense played this way the entire season as we had 8 regular season games where our opponents didn't score a single point! I am very proud of them."

The defense was so stellar all season that it only gave up 56 points the entire season! This averages out to only 3.7 points per game or a field goal a game. Assistant Coach Quamee Rainford said that the defense was so dominant that the majority of the season the team played in its base defensive scheme of 5 lineman 3 linebacker set. "We had a 6 lineman / 2 linebacker defensive scheme that we taught the kids for goal line situations, but we almost never used it because teams didn't come close to scoring that often."

Coach Rainford also said that he was most impressed with how smart the team played since the Lions had three first year players and had four starters that were only 6 years old. "Our team had a lot of talented kids, but most importantly they were smart! We were able to teach them 8 different offensive formations with each

CITY MANAGER'S MESSAGE

CHARLES FARANDA, JR.

Spring is upon us again, and if there is one thing I think we can all agree on.....this is a beautiful time of the year! With this being said, I'm particularly excited about our many beautification projects. Please take a ride or walk to see the major improvements we have made in our parks, medians, and swales.

Let us all pitch in to protect our All America City by keeping our streets and roads free from litter and debris.

In addition, there are other ways in which we can help preserve the quality of life in our community. Many of our residents and home owner associations have expressed concerns over the increase in speeding and other traffic infractions on our residential streets. Specifically, speeding and failure to obey stop signs are causing problems in our neighborhoods. Subsequently, our police department has stepped up traffic enforcement to help curb these violations. Please help us solve this problem that endangers the serenity of our community, and threatens the safety of our children. Please be conscious of your driving habits and let's be good neighbors to one another.

KEEPING OUR CITIZENS SAFE

GOLF COURSE SAFETY TIPS

Our community is proud to have beautiful golf courses that are recognized around the world. The Inverrary Golf Course is committed to our community and supports special programs for our citizens and visitors. The Police Department needs the assistance from our residents in keeping the golf course free of pedestrian traffic. This announcement is not just

for the beautification of our community but the safety of your children and guests. A golf ball hit by a golfer can cause serious injury and possibly death.

Did you know that it is a crime to walk on another

person's property without permission from the owner? This crime is called "Trespassing" - so please instruct your children and guests not to walk on The Inverrary Golf Course. No Trespassing signs are posted and action will be taken against any person(s) who fails to comply with these orders.

formation having a possibility of 4 plays being run out of each set. This gave us a lot of plays to throw at opposing defenses."

The coaches, parents and the young champions have been enjoying the success of their season as the players and cheerleaders were awarded championship jackets by the City Commissioners at the January 8, 2007 Commission Meeting and both squads were included in the Martin Luther King Day Parade. Coach Kelly commented that, "It is very rewarding to work with these kids, and to win a championship with them this season is incredible. These are memories that the coaches and kids will carry with them the rest of their lives."

Please take the time to attend your Homeowners' Association meetings.

COMMUNITY POLICING PARTNERSHIP

Message from Chief Kenneth W. Pachnek

In 2006, the typical police officer is better trained, better educated and better equipped than his or her predecessors. But no factor has been more crucial to policing success than the partnership between law enforcement agencies and the communities they serve. By embracing the philosophy of community policing, law enforcement agencies have been able to work with citizens to create safer cities. Police have learned that to be effective, police cannot operate alone. They must have the active support and assistance of citizens and communities.

Futurists in policing have proposed a model of policing which they dubbed "Neighborhood-Driven Policing." The premise is that the police should no longer hold a monopoly on providing safety. Rather police and the citizenry work as equal partners in promoting the community. Police psychologists have suggested that anxiety is reduced when individuals feel they have control over their lives and environment.

Lauderhill Police support this initiative and have had the department's Community Policing Unit work towards this goal by establishing relationships within the community. Homeowners' associations personally know the names and telephone numbers of the members of the

Community Policing Unit. Strides are being made in establishing relationships with business owners. Neighborhood Crime Watch Programs are continually proposed to work together in addressing issues. Together, we can enjoy a safe and secure neighborhood.

KEEP OUR WATERWAYS CLEAN

The Lauderhill Police Department's Underwater Recovery Team routinely dives the local waterways in search of lost, missing, or discarded property. During these dives many discarded, abandoned, or stolen vehicles are located.

Car thieves and persons involved in insurance fraud use our canal and lake systems as a means of hiding vehicles. Unfortunately for scammers and thieves the dive team finds these vehicles and takes steps to identify insurance fraud. Vehicles are often found with the keys in the ignition and free of any personal effects; a good indicator that the vehicle is not actually stolen but is the source of fraud.

The police department asks that any citizen who is aware of a vehicle being submerged in our

(Continued on page 11)

TIME TO PREPARE, HURRICANE SEASON IS UPON US

Message from Chief Edward Curran

Forecasters are already predicting possible "La Nina" (an atmospheric effect on weather) movement in the Atlantic which usually indicates a greater chance for developing Hurricanes.

Although June 1st marks the start of the annual hurricane season the city continues to prepare throughout the year with training exercises, public education, and plan updates. Hurricane season runs from June 1st to November 30th we all need to be prepared. Last year made us all realize how important it is to prepare with four storms hitting Florida in a very short period of time. Just like the plan the city has in place, you need to have a plan for your family, and check list for different aspects of the threat. Here are a few facts and a check list to assist you in preparing:

Shelters

If you live in Lauderhill you are not in a designated mandatory evacuation zone. The Red Cross has designated shelters throughout Broward County; our closest designated shelter would be Piper High School. If you have special needs the Red Cross has designated shelters for special needs if you qualify and you need to make arrangements early by contacting the Red Cross for instructions prior to a threat. Prior to a storm's arrival, radio and television will have shelter information to help you determine if you need to go to a shelter.

Hurricane Terminology (According to the National Hurricane Center and NOAA)

Tropical Wave: clouds and thunderstorms in line but not yet organized, tropical in nature.

Tropical Depression: organized system of clouds and thunders storms with a defined surface circulation and maximum sustained winds mph.

Tropical Storm: same as a depression except the maximum sustained winds are a 39-73 mph.

Hurricane Watch: indicates the possibility that you could experience hurricane conditions within 36 hours.

Hurricane Warning: indicates sustained winds of at least 74 mph are expected within 24 hours or less.

Hurricane: intense tropical weather system of strong thunders with a well-defined surface circulation and maximum sustained winds 74 mph or higher. Hurricane Strengths: (According to the Saffir-Simpson Hurricane Scale)

- **Category 1** wind speeds of 74 mph to 95
- **Category 2** - 96-110 mph
- **Category 3** - 111-130 mph
- **Category 4** - 131-155 mph
- **Category 5** - 156 mph +

The city's web site has additional information related to hurricane preparedness, information to help you make a family plan, safety information and additional web page links. See www.lauderhill-fl.gov/hurricane_101.htm or listen to Lauderhill's local radio station for hurricane alerts, preparations and updates on WQFF 1650 AM.

(Continued on page 11)

CAUTION

LAUDERHILL POLICE SAFETY TIPS

Because of recent abductions in daylight hours, refresh yourself of these things to do in an emergency situation. This is for you, and for you to share with your wife, your children, everyone you know.

- 1** The elbow is the strongest point on your body. If you are close enough to use it, do!
- 2** If a robber asks for your wallet and/or purse, DO NOT HAND IT TO HIM. Toss it away from you. Chances are he is more interested in your wallet and/or purse you, and he will go for the wallet/purse. RUN LIKE MAD IN THE OTHER DIRECTION!
- 3** If you are ever thrown into the trunk of a car, kick out the back tail lights and stick your arm out the hole and start waving like crazy. The driver won't see you, but everybody else will. This has saved lives.
- 4** Women have a tendency to get into their cars after shopping, eating, working, etc., and just sit (doing their checkbook, making a list, etc. DO NOT DO THIS!) The predator will be watching you, and this is the perfect opportunity for him to get in on the passenger side, put a gun to your head, and tell you where to go. AS SOON AS YOU GET INTO YOUR CAR, LOCK THE DOORS AND LEAVE.
- 5** If someone is in the car with a gun to your head DO NOT DRIVE OFF, repeat: DO NOT DRIVE OFF! Instead gun the engine and speed into anything, wrecking the car. Your Air Bag will save you. If the person is in the back seat they will get the worst of it. As soon as the car crashes bail out and run.
- 6** A few notes about getting into your car in a parking lot, or parking garage: A.) Be aware: look around you, look into your car, at the passenger side floor, and in the back seat
B. If you are parked next to a big van, enter your car from the passenger door. Most serial killers attack their victims by pulling them into their vans while the women are attempting to get into their cars. Look at the car parked on the driver's side of your vehicle, and the passenger side. If a male is sitting alone in the seat nearest your car, you may want to walk back into the mall, or work, and get a guard/policeman to walk you back out. IT IS ALWAYS BETTER TO BE SAFE THAN SORRY. (And better paranoid than dead.)
C. ALWAYS take the elevator instead of the stairs. Stairwells are horrible places to be alone and the perfect crime spot. This is especially true at NIGHT!
- 7** If the predator has a gun and you are not under his control, ALWAYS RUN!* The predator will only hit you a running target) 4 in 100 times; even then, it most likely WILL NOT be a vital organ. RUN, preferably in a zigzag pattern!
- 8** As women, we are always trying to be sympathetic: STOP!!
It may get you raped, or killed. Ted Bundy, the serial killer, was a good-looking, educated man, ALWAYS played on the sympathies of unsuspecting women. He walked with a cane, or a limp, and often asked for help into his vehicle or with his vehicle, is when he abducted his next victim.

LAUDERHILL ANGELS IN-HOUSE FCAT TUTORING

Pictured are our Lauderhill Netball Angels reviewing for the upcoming FCAT test: Samantha Spence (8th grade) and Vanessa Malcolm (9th grade) tutoring Janica Parkinson (4th grade), Shelly Marson (3rd grade), Imoni Battle, Nikisha Gerome and Cecilia Dyson (5th grade).

The Lauderhill Angels Netball Program assists its players, in more ways than one. By using a little netball time for FCAT preparation, the program is hoping to enhance each girl's test taking skills. Academic achievement is as important to this program as physical and social development. 80% of the program's participants are honor roll students. Grades are monitored throughout the school year.

The tutoring sessions are for all program participants. The older Angels assist in the tutoring of younger members, all sessions are held at the sports park and classroom time is scheduled before or after playing netball.

FCAT tutoring sessions continue Saturday afternoons at the Lauderhill Sports Park until the test is administered by the school district.

For more information contact: Lauderhill Sports Park, Brian Picinic at 954/572-1478 or Henrietta Comrie at 954/632-2554

SPRING INTO HEALTH FAIR 2007

Lauderhill families are invited to join families from all over Broward County at the Coalition's Spring Into Health Fair 2007. This event, taking place on April 21st from 9AM to 1PM at the Signature Grand in Davie, will offer attendees access to FREE health related services from an assortment of social services agencies. The Spring Into Health Fair is in its second year and the Coalition is excited about providing this signature event, that promotes family health awareness, while also raising much needed funds for the unmet needs in the early care and education system.

Services that will be provided include: immunizations, hearing screenings, developmental screenings, blood pressure screenings, diabetes screenings, cholesterol screenings, and much more. Parents of eligible 4 year-olds will also have the opportunity to register their child for the Summer 2007 and School Year 2007/2008 Voluntary Pre-kindergarten Programs. To register for the Spring Into Health Fair 2007, please visit the Coalition's website at www.elcbroward.org and follow the Spring Into Health Fair links or call (954) 377-2188.

READING ROCKS CONCERT ENGAGES FAMILIES & PROFESSIONALS

More than 100 Broward County families had fun "wiggling" and "rocking" on Friday, February 23rd, which was the first night of the two-day Reading Rocks Conference sponsored by the Broward Association for the Education of Young Children (BAEYC). Families were treated to a special concert, sponsored by Lakeshore Learning Materials, featuring a performance by children's book author John Archambault and his musical partner David Plummer. Every book John Archambault has written, including the popular "Chicka Chicka Boom Boom," showcases a way for children to learn basic literacy skills, and to acquire a love for reading through music. Young fans also had the opportunity to meet the performers prior to the concert for a book signing session. The first 100 children received a free copy of "Boom Chicka Rock," courtesy of the Early Learning Coalition of Broward County, Inc.

BAEYC's Reading Rocks Conference, specifically for early care and education professionals, was held on Friday, February 23, 2007 and Saturday, February 24, 2007. Early care and education professionals had the opportunity to choose from more than 70 unique workshops offered during the weekend. In addition, early care and education and after school care directors and teachers were also graced with the presence of John Archambault and David Plummer, as they were keynote speakers on Saturday, February 24, 2007. The successful Reading Rocks Conference was BAEYC's first annual professional development conference.

VOLUTARY PREKINDERGARTEN PROGRAM (VPK)

Registration for the Voluntary Pre-kindergarten (VPK) Summer 2007 and School Year 2007/2008 programs is available now! The Summer 2007 VPK program is open to all children who were born between September 2nd, 2001 and September 1st, 2002. The 2007-2008 School Year VPK program is open to children who live in Florida and were born between September 2nd, 2002 and September 1st, 2003.

To enroll, parents and/or legal guardians will need to bring proof of the child's age and proof of Florida residency. For additional information about acceptable documents, registration dates and times, please call the VPK hotline at (954) 724-7577. Information is also available by visiting www.elcbroward.org and clicking on VPK.

CONGRATULATIONS TO THIS YEAR'S MLK SCHOLARSHIP RECIPIENTS

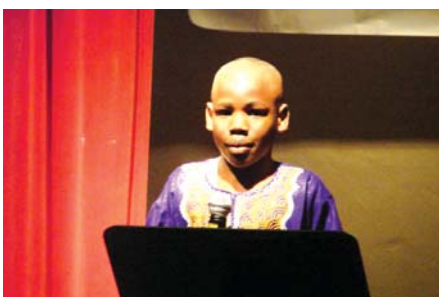

From left-right: Ciara Cunningham, Miami-Dade College;
Joseph Louis Hope, FSU; Toni-Kaye McDougall, UF

The City of Lauderhill's Martin Luther King, Jr. Scholarship was established in 2004 by the MLK Task Force. Candidates must be a resident of Lauderhill, be college bound, complete an essay, and have a cumulative GPA of 2.0 or above.

Congratulations on this tremendous achievement and good luck to all three on your future endeavors!!

LAUDERHILL KIDS CORNER CLUB CELEBRATE BLACK HISTORY MONTH

The City of Lauderhill Kids Corner Club (KCC) Sadkin Center honored Black History month by presenting a program titled "Breaking the Chains that Bounds Us". The program began with eight year old master of ceremony Eumon Roach welcoming the audience of over 80 parents and friends. The first stage of the program was "Remembering Black History" where the children honored 10 famous people that had passed on before them such as educator Mary McLeod Bethune, poet James Langston Hughes, and Former Justice Thurgood Marshall just to name a few. The second stage of the program was "From Slavery to Freedom", where the focus was on those people that are still living and making outstanding contributions to the world. Some of the people honored were Secretary of State Condoleezza Rice, and basketball star Dwyane Wade. A poem "Still I Rise" was performed & recited by Destiny Nowden & Telakah Grant. KCC special guest Western African Dancers "Nyumbani" ended the program with some beautiful African dance steps.

are accepting registration for boys (ages 5 to 15) and girls (ages 6 to 15). Regular Registration begins Monday April 2nd at West Ken Lark Park (1321 N.W. 33rd Ave, 954-791-1034) and will be held there from 6pm to 8pm Monday thru Fridays. Regular Registration will also be taken at St. George Park on Saturdays from 11am to 2pm. Cost is \$85.00 and up.

Lauderhill's Official Song!

Composed by Mr. Sid Feffer - Lauderhill Resident
(to the tune of Baby Face)

Lauderhill
We're happy living here in Lauderhill
A city governed with concern and skill
Lauderhill
Proud to be a winner
Showing the stuff that's in her services
And special programs well designed to help fulfill
The needs of young and old
The rest of life unfolds
Here in lovely Lauderhill

MANDATORY WATER RESTRICTIONS ARE IN EFFECT

Mandatory water restrictions were approved for Broward County as South Florida continues to experience its worst drought since 2001.

The governing board of the South Florida Water Management District approved restrictions on lawn watering, car washing and other uses intended to cut consumption by 15 percent. Rainfall is down about 50 percent this year, drawing down Lake Okeechobee to below 11 feet, which is the region's backup water supply.

Starting March 22, the following restrictions will be enforced:

Landscape irrigation and maintenance for homes with under 5 acres

- Watering permitted Mon., Wed. and Sat. from 4-8 a.m. for addresses ending in an odd number.
- Watering permitted Tues., Thurs. and Sun. for addresses ending in an even number or with no address.
- Hand watering with one hose and an automatic shut-off nozzle permitted from 5-7 p.m. on the same days.
- No watering allowed on Fridays.

New landscaping planted for less than 30 days may be watered Mon. thru Fri. from 2-8 a.m. or by hand at any time with an automatic shut-off nozzle.

- Pesticide applications allowed during days of watering schedule or at any time by a licensed technician.

- No limits on watering with recycled sewage.

- Car, boat and equipment washing permitted 4-8 a.m. and 5-7 p.m. on your landscape watering days. Washing must be done on or drained to a non-paved surface that allows the water to sink into the ground. Rinsing and flushing of boats after saltwater use is allowed once a day for 15 minutes per boat.

Other outdoor uses

Sidewalks, driveways or structures may only be washed with low-volume pressure-cleaning equipment.

Filling swimming pools is allowed.

Recirculating fountains or other ornamental water features are allowed if water doesn't leak or overflow lawn watering and car washing will be limited to three days a week from 4 a.m. to 8 a.m. Odd addresses can water Mon., Wed. and Sat. Even addresses can water Tues., Thurs. and Sun. No watering will be permitted on Fri. Hand watering will be allowed on water days from 5 to 7 p.m.

Local governments will oversee the restrictions. Violations are punishable by up to a \$500 fine or six months in jail. For more information, contact the South Florida Water Management District Water Conservation Hot Line at 800-662-8876 or www.lauderhill.fl.gov.

DR. MARTIN LUTHER KING, JR. CELEBRATION 2007

Mayor Kaplan and wife chats with attendees at MLK 2007

Mayor sets up to bat a ball being bowled by Comm. Holness at the Lauderhill Sports Park. A team from New York called the Real Challenge Cricket Team was visiting and played a night game.

Vice Mayor Bates at the MLK celebrations at the Boys and Girls Club in Lauderhill where Martin Luther King III was there to answer questions from the large audience in attendance.

Vice Mayor Bates pictured here with Martin Luther King, III at Lauderhill's MLK Celebrations 2007.

MAYOR RICHARD J. KAPLAN

Change. That is what is always happening around us. Change. Whether it is good or is bad. Change. It has happened before and it will

continue to happen everyday. As often paraphrased from Heraclitus of Ephesus, "The only constant is change." Our job is to anticipate Change, adapt to Change, and to use Change to our advantage.

Change occurs in every corner of our city. Change affects our family's daily lives. Part of what a government does is to direct or influence Change. You are directly part of the Change if you will it. Change will occur with or without you. By electing your leaders, or by getting involved, you create the environment that Change can occur. The result is that we live with Change no matter what it may become, or how it may evolve.

My point here is that we need to control Change so that it works for us, not against us. But how can you do that? Voting is one of the easiest ways. But in Lauderhill there are so many other ways. Volunteering on Boards, getting involved in activities, doing something for your community, speaking out. Lauderhill provides for its residents more

opportunities to speak out than anywhere else I have ever seen. I do not know of any other government that allows not only for the Public to speak on any item to be voted on at Commission Meetings, it also allows the Public to actually pull items on the Agenda to make sure they have the right to voice their opinion on them.

Each year the Public is given the extraordinary ability to make Change in our city, by helping to create what I call a "Citizens Created Budget" for the city. This document is the single, most important way that Change can occur in Lauderhill. Over the last few years we have developed what is becoming to be known as, "Year Round Budgeting." As each year unfolds, we conduct numerous Public meetings around the city to prepare the budget for the next year. In November, we have discussions about the following year's Annual Retreat, which is held in January. In March and April we conduct 5 Pre-Budget Workshops throughout the city. July is when we hold our Annual Budget Workshops to go over the entire proposed budget, which then cumulates into the final Budget Hearings in September.

At each one of these events, not only is the Public invited, but encouraged to attend and participate. We want to hear from you. We want to know what kind of Change you want or do not want. **(Continued on Page 8)**

VICE MAYOR M. MARGARET BATES

I know that I repeat myself in my messages addressing the "Renaissance" of our City. However, I am so excited about the disruption due to new construction which means that things are really evolving.

Have you visited the models at "Georgetown"? The Revitalization of State Rd 7 is just about completed; BLAZZFEST 2007 is scheduled for Saturday June 2nd at the Sports Park on Oakland Park Blvd. Our guests this year are Jeffrey Osborne and Maxi Priest. Please look for additional information in the newspapers and on radio. What an enjoyable time we had last year with Roberta Flack.

As you know, we will be celebrating our 50th Birthday in 2009. We are looking for individuals to help plan this Birthday Bash. Send us your information so that you can get involved. We have so much on our plate for the future of our City thanks to direction

from you, our constituency. Your voices were heard and we, the Commission, Administration and Staff are compiling your visions for our City.

I want to thank our homeowners associations for the work you do through your presidents. Your messages are being heard and you are making a difference. Please make sure you attend the planned budget workshops scheduled through your associations. Bring your wish list with you, however we want to be realistic.

It is a pleasure to serve you my Lauderhill constituency; I look forward to working with you in the future. I can only do what you allow me to do for the betterment of us all. Remember, we, the commission live in the City also, so what we do also affect us and our families. Because of you, we are growing!

God Bless.

DEPUTY VICE MAYOR HAYWARD J. BENSON, JR.

The month of March completes the first year of my four term of office, serving the citizens of Lauderhill. The year has been filled with "action" on behalf on the residents of our City and as a recap, I want to share with you some of our accomplishments to date. While there is still much to be done, I am proud to report that the Commission has enacted the following Ordinances and Resolutions that seek to improve our community.

Some of them are:

An amended Ordinance that prohibits the employment of teenagers (18 year olds) to perform demonstrative dancing in adult entertainment establishments and set the minimum age at 21 years for such employment.

An ordinance creating the Charter Review Board. The Board has scheduled its work program and expects to meet the mandates of the Ordinance within the time frame as stipulated.

(Continued on Page 8)

Pictured is Deputy Vice Mayor Benson with Rev. Ouida McDonald at one of Lauderhill's business functions.

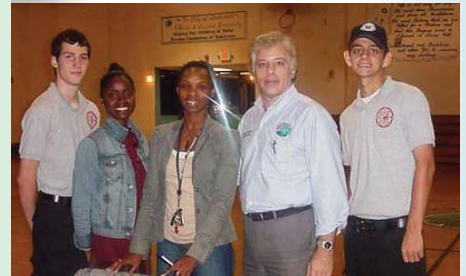

COMMISSIONER HOWARD BERGER

As we proceed into 2007, the city is moving ahead with numerous private and public projects. Many of these are along the State Road 7 corridor. The 97-acre county regional park got an influx of 7.5 million dollars from the county to move ahead with its construction. It should be completed by the end of the year. The park will contain a sports stadium, aquatic center, nature and picnic areas, tennis courts and corporate pavilions. An upscale complex of shops and restaurants (Carishoca) will be developed outside the park abutting 441. On the north-west corner of State Road 7 and Sunrise Boulevard, a 45 million dollar gospel museum

and education complex is proposed. Just to the north and east of 441 320 town homes (George Town) is under construction. Next to it 116 town homes (St. James Luxury Town Homes) will break ground this year. The Lauderhill Mall was recently purchased and the new owner hopes to transform it into a town center containing retail stores and residential units. Another proposal, The Lauderhill Town Square calls for 82 condominiums and office space on 4 acres just north of 19th Street. The city tax base will benefit greatly from all these improvements

Comm. Berger pictured here with a Lauderhill resident at a prior reception for singer Dionne Warwick's concert in town in May '07.

COMMISSIONER DALE V.C. HOLNESS

As I reflect on my 3 years of services as City Commissioner here in the City of Lauderhill, I am so very pleased of the many major changes and developments that are happening in our beautiful City, and proud of the various projects and programs the residents and businesses of Lauderhill have suggested and entrusted in me to bring to its fruition.

- **Lauderhill Senior Resource Guide:** Due to our subtropical climate and easy access to beaches, Lauderhill elderly population continues to grow. Created is the Lauderhill Senior Resource Guide which benefits our seniors through self sufficiency. Seniors looking to remain active can benefit from various activities offered by the

City as well as services for those faced with daily challenges. Call the Sadkin Community Center for more information 954/321-2450.

- **Sister City Committee:** Lauderhill's is one of Broward County's most diverse Cities, a "melting pot" that reflects who we really are through the art of traditional culture, music, food, etc. As a result, the Sister City Committee was formed. I encourage you to

(Continued on Page 8)

Comm. Holness listens attentively to Angola's Vice Minister of Industry, Mr. Abra Hoa Gourgel, Africa, when he made a visit to Lauderhill in March, 27.

Comm. Holness bowled the first bowl at the Sports Park to begin the cricket game. A cricket team from New York visited Lauderhill and played a night game at the facility.

- **The Revitalization of State Road 7 Corridor:** CARISHOCA Project, the Bobby Jones Education and Gospel Complex, Tap Tap City and the Cultural Art District to include the Cultural Arts Center near the Broward Regional Park has been a priority for me. This Enterprise Zone promises to generate trade, tourism, and business opportunities into our developing Lauderhill community.

MAYOR RICHARD J. KAPLAN (CONTINUED FROM PAGE 7)

Without it, we do not always know what you want. This affords us the opportunity to hear fresh ideas. This is most strongly felt during the Pre-Budget Workshops, which are specially held for you to tell us what you think. Prior year's public speakers have Changed the way we approach many matters. They have instituted Change, and stopped Change. And like all matters, the longer you wait to speak up about a Change, the more difficult it is to influence Change. It's up to you. How do you want us to Change?

If I can be of further assistance, please let me know at: mayor@lauderdale-fl.gov; call 954-752-1732 (h), 954-742-6967 (h), 954-730-3016 (City Hall); or write 3800 Inverrary Blvd., #301, Lauderhill, FL 33319. More information about the city can be found at the City Web Site: www.lauderhill-fl.gov; or at my BLOG: www.elauderhillnews.com.

DEPUTY VICE MAYOR HAYWARD J. BENSON, JR. (CONTINUED FROM PAGE 7)

The creation of a Fifty Year Anniversary Planning Committee. The City will celebrate its fiftieth year of incorporation in June of 2009.

A resolution supporting the creation of the Bobby Jones Gospel Complex for Education and Preservation in the City of Lauderhill.

A resolution requesting the Board of County Commissioners to transfer \$5.8 million to the City of Lauderhill to compliment the design and build of the Cultural Arts Center that is to be constructed in the redevelopment area of State Road #7 (441). The County Commission accepted and agreed to provide the funds. The Commission has requested the Board of County Commissioners to seek an amendment to the legislation that established the Tourist Development Council (TDC) providing for and increase in its membership. If successful, The 441 Collaborative will have an opportunity to appoint members to the TDC. This will give the City an opportunity to be considered for membership on the TDC.

This is just a "snapshot" of the issues I have been working on with the Commission and we are continuing to improve our city and with your help we will be successful.

STAY WELL!!

COMMISSIONER HOWARD BERGER (CONTINUED FROM PAGE 7)

As many residents of Inverrary have now became aware, a developer has purchased Inverrary's South Golf Course (*Executive Golf Course*) along Rock Island Road. This company desires to construct residences on a portion of the course. The intent of Inverrary when developed was a beautiful uncongested golf oriented community. This ambiance has made it the relocation choice for many people over the years. Any development (*residential or commercial*) would be **adverse** to the vision we all hold of the Inverrary community and detrimentally impact resident's lifestyles. It is essential that we stand united in **strongly opposing** development on any of Inverrary's renowned golf courses.

We must always seek investment in our city to stimulate economic development and expand our tax base. However, I do not favor travel by city officials where the out-

come is tenuous and questionable at best. This issue was recently debated regarding a trip to France. Our focus should always be hometown problems and residents concerns. Clear objectives and achievable benefits should be a priority in the decision-making process of government.

On Saturday, April 14 (10:00 a.m. – 2:00 p.m.) there will be a "Community Awareness Day" at West Ken Lark Park (1321 NW 33 Avenue). This event will help educate the community on several health issues that affect all of us. There will be some health testing, refreshments, children entertainment and raffles. I encourage everyone to attend!

I can be reached at my e-mail hberger@lauderdale-fl.gov
Until next spotlight.....Best Wishes to All.

COMMISSIONER DALE V.C. HOLNESS (CONTINUED FROM PAGE 7)

become a member as we expand our sister relations to other parts of the world, bringing to our City new developments, businesses and economic expansion to our community. To become a member, please contact our Sister City Secretary Tonia Walters at (305) 299-0100.

- **High School Hiring Showcase:** With the assistance of Workforce One, there will be a High School Hiring Showcase in the month of June planned to take place at Piper High School and Boyd Anderson High School. This program teaches our youth the many skills needed in their occupational/career advancement. We are also looking for responsible interns to be part of this rewarding opportunity. For more information you can contact my Aide Jabar Williams at (954) 777-2041.

- **Other Projects....**

Lauderhill Golf Course (replanted trees, leveled tee boxes, new cart path installed, better drainage, greens reshaped and enlarged) to better serve our residents and visitors.

Lauderhill's Chamber of Commerce, membership has significantly increased, we continue to encourage businesses to become a part of the Chamber and reap the benefits offered, call 954/318-6118 for more information.

Operation A+ Plan for Higher Education; a program to advise and encourage good educational studies and career advancement for our youth.

Lauderhill Housing Authority; learn how you can become a homeowner through our affordable housing programs. Please attend our monthly board meetings, to learn more call 954/730-3019.

Stop the Violence Project; a program designed to help solve violence by understanding the various ethnic backgrounds and cultural changes within our community. Collaborative efforts are being made with several non-profit organizations, various schools, government entities and media; Black Elected Officials, Rap Artist, High Schools, Junior High Schools, Elementary Schools, Department of Juvenile Justice, At-Risk Students, Drop Outs, Professionals, Businesses, Segmented Black Community (Haitian, Jamaican, and African-American), WorkForce One, Media- Hip Hop, R & B and Reggae Radio Stations, Public Relations, Newspapers, Churches, Parents, Sororities, Fraternities, Urban League, and the NAACP.

"Memories of our lives, of our works and our deeds will continue in others." Rosa Parks

As always, "Shop Lauderhill," as I continue to serve my City with utmost respect and unwavering commitment to its success!

Thank you for your time.

BODY MECHANICS IS LAUDERHILL'S FIRST HEALTH/FITNESS CLUB

Body Mechanics Fitness & Training enjoys the distinction of being Lauderhill's only health/fitness club. Conveniently located just south of Commercial Boulevard on the west side of University Drive.

Strength training equipment is the best available – Atlantis' latest line. Brand new cardio equipment from True (bikes have flat screen TVs) make cardiovascular exercise enjoyable.

Results-oriented professional trainers make getting in shape an exciting experience. Trainers are licensed nutritionists and can provide nutritional guidance.

Classes are free and include Yoga, HipHop, Kickbox/BodySculpt, Pilates, Abs, BellyDance and Latin CardioDance. New classes are continually added and developed to provide a full range of muscular strengthening, such as the popular CardioSport class

Covered or discount fitness benefits are available through several insurance programs.

Time to Prepare

(Continued from page 3)

Disaster Supply Kit (National Hurricane Center Recommendations)

- Water – at least 1 gallon daily per person for 3 to 7 days
- Food – at least enough for 3 to 7 days
- Non-perishable packaged or canned food / juices
- Blanket / Pillows, etc.
- Clothing – seasonal / rain gear / sturdy shoes
- First Aid Kit / Medicines / Moisture wipes
- Radio – Battery operated and N.O.S.S. weather radio
- Cash – Banks and ATM's may not be open or available for extended periods
- Tools – keep a set with you during the storm
- Toys, Books and Games
- Vehicle fuel tanks filled
- Flashlight / Batteries
- Pet care items – proper identification / immunization records / medication
- Important documents – in a waterproof container – insurance, records, bank account numbers Social Security card, etc.
- Foods for infants or the elderly
- Snack foods
- Non-electric can opener
- Cooking tools/ fuel
- Paper plates / plastic utensils

It has been predicted by the experts that this year's hurricane season will be more active than last years. Don't wait till the last minute. When a storm approaches watch or listen to your local media for the latest information about the storm and preparations.

A FEW OF THE CHAMBER'S BENEFITS

Here are some of the things the Lauderhill Chamber of Commerce offers:

1. Every Wednesday, both Beginners & Intermediate QuickBooks Training Classes. (bringing your own computer is optional)*, Classes are from 9:00 am to 10:00 am.
2. Every Thursday, an Attorney will be there who specializes in Business, Immigration, Divorce and Real Estate*.
3. Member to member discounts are also available and lots more.

*Meeting with the attorney and QuickBooks Classes are by appointment (Only).

To contact these businesses or to become a Lauderhill Chamber member, log on to www.thelauderhillchamber.com or call Executive Director, Simone Ruiz-Narcis at 954-318-6118 to book an appointment.

HELPING YOU UNDERSTAND YOUR FLOOD INSURANCE

The City of Lauderhill, Planning and Zoning Department (Department) will continue to provide information from the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM) for the City of Lauderhill. You may request copies of elevation certificates for homes that were built after the year 1991 from microfilm records at the office of the City Clerk at 954-730-3011.

There have been repetitive losses paid by the National Flood Insurance Program (NFIP) for property in the City of Lauderhill. Flood insurance is mandatory if your property is located in a Special Flood Hazard Area (SFHA), which is defined as, an area that will be inundated by the flood having a 1% chance of being equaled or exceeded in any given year (base flood).

There are methods of reducing the extent of damage caused by flood to your property, which include:

- Raising the elevation of mechanical equipment (air conditioning unit and ductwork), at least one foot above the predicted flood elevation.
- Raising the elevation living space and garage at least one foot above the predicted flood elevation.
- Flood proofing.

An MT-EZ form should be used by an individual property owner to request that FEMA remove a single structure or a legally recorded parcel of land or portion thereof from a designated SFHA via Letter of Map Amendment (LOMA). The MT-EZ form is available on the FEMA website at www.fema.gov. A tutorial is provided on the website which

explains each section of the form and can be used to input information and print a completed MT-EZ form. The form is also available from the Department.

Please keep in mind that lenders may, as part of their standard business practices, require flood insurance as a condition of any loan. We encourage you to consult with your lender before requesting a LOMA to find out if the flood insurance requirement will be waived if a LOMA is issued. The good news is that you may be eligible to pay much less for your flood insurance coverage if your property is removed from the SFHA. Contact your insurance agent to discuss the pricing benefits you may enjoy if FEMA issues a LOMA.

For further information you can access the FEMA website at www.fema.gov, or call the City's Planning and Zoning Specialist at 730-3051, or e-mail at bschankweiler@laudershill-fl.gov.

LEGISLATORS FILE BILL AIMED AT MAKING FLORIDA ROADS SAFER

State Rep. Ari Abraham Porth (D-96)

Tallahassee-State Rep. Ari Abraham Porth (D-96) and State Sen. Don Gaetz(R-4) have filed legislation aimed at making our state's roads and highways safer. House Bill (HB) 65 will allow law enforcement officials to seize cars from suspended drivers in an effort to protect

Floridians and prevent future tragedies. HB 65 is named after 3 young men, 2 of which were law enforcement officers, who were killed by drivers whose licenses were suspended.

The Department of Highway Safety and Motor Vehicles reported last year that over 800,000 individuals were driving while their licenses were suspended or revoked in Florida. HB 65, the Deputy Michael Callin, Michael Haligowski, Deputy Ryan Seguin Traffic Safety Memorial Act addresses this growing problem by calling for the impounding or booting of vehicles of drivers whose licenses have been suspended.

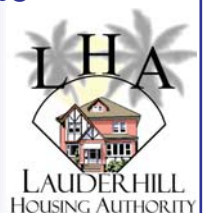

Rep. Porth and Sen. Gaetz were joined by the families of Orange County Sheriff's Deputy Michael Callin, Broward County Sheriff's Deputy Ryan Seguin and Michael Haligowski and supporters from the Sheriff's and State Attorneys offices to discuss this growing issue and how their legislation addresses the problem.

Send us your E-Mail address if you would like to be on our
EOC E-Mail list

Lauderhill Spotlight

Save these important tips!

- Keep newspaper separate from other recyclable materials. Place newspapers in 2nd bin or a brown paper bag.
- Wet newspaper cannot be recycled! Either cover your newspaper on a rainy day, or save them until the next recycling day.
- Always remove newspapers from the plastic delivery bags before recycling. These bags and plastic grocery bags can be reused or recycled at your local supermarket.
- Don't include junk mail, cereal boxes, magazines, catalogs, and other types of paper in with your recyclables. Call (954) 730-3085 for drop-off locations.

Garbage, Bulk, Recycling & Horticulture Pick-Up

Bulk: includes: furniture, appliances, mattresses, gas grills (not the propane tank), small lawn-mowers (without the gas tank), small household items (must be bagged-no more than 40 pounds), carpets (bundled and tied in 4' lengths-no more than 40 pounds).

Recycling: empty paint cans, car parts, batteries, tires, construction debris and chemicals cannot be put out as bulk. For information on disposing of these hazardous and controlled substances, please contact Broward Co. Integrated Waste-765-4222.

Horticulture: yard clippings, etc. can be put in your 96 gallon rollout container any normal garbage day, as long as the lid can close and the weight of the cart does not exceed approx. 80 pounds. Or: on any regular garbage day, it can be bundled, tied and stickered (available for purchase at numerous locations throughout the city), and put out next to your 96-gallon cart. On bulk day, it can be put out free of charge next to your 96-gallon rollout container (bundled and tied in 4' lengths - no more than 40 pounds).

GARBAGE BILLING CHANGES

Residents serviced by Waste Management (original Lauderhill residents) will continue to be billed on a monthly basis on their utility bills.

Areas serviced by All Service Refuse (Broward Estates, St. George, & West Ken Lark) will as of 2008 be billed annually on their County Property Tax bill. Residents of the newly annexed areas will be receiving an invoice for garbage and recycling services for the period of January 1, 2007 to December 31, 2007 by the end of the month.

Questions or concerns may be directed to (954) 730-3030

City of Lauderhill Water & Sewer Testing

The City will be conducting tests on the water and sewer systems beginning in early April and continuing throughout the year. These tests, mandated by Broward County Health Department, will be conducted in phases throughout the City. The testing should not be noticeable to residents except for the very brief periods of drops in water pressure.

If needed, the City's emergency numbers remain the same: 954-730-2960 during work hours and 954-730-2972 all other times.

LORI PARRISH
